## ENEMY ACCEPTS NEW ARMISTICE

Teuton Assembly Bows to Terms of Truce After Long Debate, Danes Hear.

## FOCH REFUSES DELAY

Pressure Being Exerted On Supreme War Council For Immediate Intervention in Russia—American Position Unchanged.

London, Feb. 18.—The armistice terms were discussed by the German cabinet for several hours, when an effort was made to summon the national assembly to decide upon the answer, according to an Exchange Telegraph dispatch from Copenhagen. It was found impossible to summon the assembly and after a conference with the party leaders it was decided to accept the terms unconditionally.

### MAY INTERVENE IN RUSSIA

Paris, Feb. 18.—Pressure is being exerted on the supreme war council for an immediate intervention in Russia. The French were said to have been urged again that military action be taken against the Bolsheviks on a large scale, while War Minister Winston Spencer Churchill's proposal—which has not been made public—was understood to contemplate proclamation of state of war, if necessary. The American position in opposition to a military policy remained unchanged.

### Ladies Attend Meeting.

Copenhagen, Feb. 18.—The German government accepted the Allied terms for the extension of the armistice, according to a dispatch to the Politiken from Weimar.

The meeting at which the acceptance was decided upon, the Politiken's correspondent says, was attended by leaders of the various parties.

An earlier report stated that in reply to a request by Mathias Erzberger, head of the German armistice commission, for a delay in the signing of the armistice terms until Monday noon, Marshal Foch declared that the armistice expired at 5 a. m. Monday and that the last hour for signing would be 6 p. m. Sunday.

In order to be able to issue necessary orders to the troops, if not signed then, Marshal Foch said he would be obliged to leave Treves and the armistice would no longer be in force.

### Conflicting Reports.

Basle, Feb. 18.—Conflicting reports received from Treves, regarding the status of the armistice. One dispatch said the armistice had been prolonged indefinitely, while another said that Marshal Ferdinand Foch had allowed the Germans three days grace in which to accept the new terms. The armistice was to have expired today.

## PROBLEM TO NEXT CONGRESS

Committee Passes Railroad Question to New Body.

Washington, Feb. 18.—All plans for considering railroad legislation at this session of congress have been abandoned by the house interstate commerce committee. It has been regarded as a foregone conclusion that the present congress would not attempt to solve the railroad problem, but extensive hearings have been conducted by the senate committee and the house committee expected to begin an inquiry soon. A bill by Representative Sims of Tennessee, chairman, to extend government control for five years and other measures are pending.

## DUTCH SHIPS ARE ENGAGED

Holland Vessels Will Aid in Bringing Yankees Home.

Washington, Feb. 18.—Negotiations have been completed, it was announced at the war department, for having Holland-American liners bring some American troops from France on their westward voyage between the United States and Dutch ports.

## TROOPS CARRIED AT COST

American and British Governments Reach Agreement.

Washington, Feb. 18.—An agreement just reached between the United States and British governments on the amount to be paid for the transportation of American troops to France during the war in British ships is based on cost of transportation with no margin of profit.

### Urge National Health Drive.

Washington, Feb. 18.—Dr. L. L. Lumden, assistant surgeon general of the public health service, appeared before the house agriculture committee to urge passage of the bill providing for the co-operation of the federal government with the states in promoting improved health conditions in rural districts. He said there were thousands of deaths every year in the rural districts from polluted water supplies which could be prevented by an educational campaign and proper aid to the state health boards.

Former Premier of Canada is Dead at Ottawa.

## Additional Terms to be Imposed on Germans

BY FRED S. FERGUSON,  
(United Press Staff Correspondent.)

Paris, Feb. 18.—The allied commissioners designed to formulate additional armistice conditions have practically completed their work it was learned today. The armistice renewal signed Sunday is essentially provisional and definite agreements containing additional military and naval terms will be substituted as soon as the commissioners finish their task. It was said today that Marshal Foch may be able to communicate the additional terms to the Germans within a week.

## Alleged Bank Wreckers Are Arrested

(By United Press)

Minneapolis, Minn., Feb. 18.—Chas. F. Wyant, president of the thirteen banks, and Wm. H. Schaffer, promoter, were arrested here today charged with defrauding depositors of the Wyant banks of the sum estimated at seven hundred thousand dollars by means of worthless notes and wild cat stocks. The thirteen banks have been closed by the state superintendent of banks.

## MUST REALIZE DEFEAT

Germans Should Be Made to Know They Are Beaten.

Frenchman Answers Criticism of Delay at Peace Meet and Says No Time Has Been Lost.

Paris, Feb. 18.—The speech here of Premier Borden of Canada, in which he criticised the delay in consummating peace, while the troops are anxious to return to their homes, has made an undoubted impression here.

The same view is said to be taken by some Americans, while the British are not indifferent to the demands of their territorial contingents, which are supported by the labor element of England.

### Many Issues Being Studied.

Stephen Pichon said there were many reasons why the treaty could not be signed at once, even though the league of nations project was out of the way. Many issues that will form the basis of peace, he said, were being carefully studied. Among them is the disposition of many of the fragments into which the former Austrian empire has been divided and another is the treatment to be accorded Bulgaria.

The French people, he added, want peace, but they realize the danger of precipitate and unsatisfactory solutions.

He agreed with Premier Borden that there should be no unnecessary delay, but did not share his opinion that time had been wasted at the conference. A full discussion of all questions must be permitted so that settlements which might be decided upon would be unanimous.

M. Pichon said there was no obstacle to recognition being extended to the new German government, but added that the Germans must be made to realize they have been beaten, a fact, he said, of which great numbers of them do not seem to be aware. The new boundaries of Germany, he remarked, would be up for consideration within a few days.

## MEMORIALS FOR SOLDIERS

British Would Commemorate Various Heroic Deaths.

London, Feb. 18.—In a statement on the work of the Imperial War commission by Rudyard Kipling, announcement is made that memorials to commemorate the part borne by various army divisions or regiments in the campaigns and battles, as, for instance, by the Canadians at Ypres, the South Africans in the Devil's Wood, the Australians at Amiens, and the British at the breaking of the Hindenburg Line, will be considered by representatives of the military committee.

## BOSTON PREPARES WELCOME

Program Is Conditional On Desires of President.

Boston, Feb. 18.—Tentative plans for the entertainment of President Wilson next week were made by Governor Coolidge and Mayor Peters. The program, the governor said, was conditional on the wishes of the president.

The date of his arrival is thus far uncertain.

The entertainment of Mrs. Wilson will be in the hands of Mrs. Coolidge and Mrs. Peters.

## PORTUGUESE UPRISE ENDS

Government Proclaims Defeat of Monarchical Forces.

Washington, Feb. 18.—Final suppression of the revolution in Portugal has been proclaimed by the government at Lisbon, according to dispatches received at the state department. Wire communication now is being maintained between Lisbon and Oporto and railway communication is being inaugurated.

### Jap Treaty to Be Given Out.

Pekin, Feb. 18.—Premier Chin Nun Hsun, under instructions from President Hsu Shih-Chang, has sent a dispatch to the Chinese peace delegates instructing them to disclose to the peace conference the Shantung railway agreement and other secret agreements with Japan. It is reported that the president is encountering opposition from his pro-Japanese cabinet at every step. The Japanese are said to desire the publicity of the Shantung agreement.

## Senator Declines to Dine With President

BY L. C. MARTIN  
(United Press Staff Correspondent.)

Washington, Feb. 18.—Senator Borah today declined President Wilson's invitation to dine at the White House and discuss the league of nations. He based his declination on two points. First, that he and the president are fundamentally at odds regarding any league of nations plan, and secondly that he could not allow himself to be bound by a confidential discussion, no part of which he could use later in argument or public discussion.

Borah, so far, is the only member on either house or senate foreign relations committee to decline the invitation. Strong pressure was brought to bear on him to reconsider. His action created a stir at the capitol. At the same time announcement was made that Senator Poindexter is prepared today to disregard the president's express wish that debate be deferred by beginning a discussion of the league before the senate. Poindexter's speech, if made today, is expected to be followed by speeches by Borah, Cummins and Reed, all hostile to the league. Such criticism as they will voice will call for a reply by administration leaders.

After conference with other opponents of the league Senator Poindexter decided to postpone his speech until tomorrow. Borah said he would probably wait until after the Poindexter speech.

## Peace Conference Will Mark Time Until President's Return

BY ED L. KEEN,  
(Staff Correspondent United Press)

Paris, Feb. 18.—The peace conference is expected figuratively to mark time until President Wilson returns, from his brief furlough in the United States. While the foundation of the peace settlement has been firmly laid the conference realize that the structure can not be completed without the guidance of the spokesman of a people totally disinterested in European affairs—America.

## Mississippi Senator Assails President

Washington, Feb. 18.—Senator Vardiman of Mississippi, today assailed President Wilson for asking congress to refrain from debate on the league of nations.

## American Troops Will Protect Food in Berlin

Basle, Switzerland, Feb. 18.—American troops will go to Berlin to protect food sent from the United States for distribution in Germany.

## Government Troops and Civilians Fighting Behind Barricade Made of Newspapers During Recent Revolutionary Outbreak in Berlin

## Germans Disposed to Break Armistice Terms

BY FRANK J. TAYLOR,  
(United Press Staff Correspondent.)

Wiesbaden, Germany, Feb. 18.—The intervention of German party leaders was all that prevented the armistice being broken off at the last minute it was revealed today. The cabinet had already decided it was impossible to accept the new conditions, and only changed its attitude after strong representation by political spokesmen.

## Yanks Needlessly Sacrificed Last Hours

(By United Press)

Washington, Feb. 18.—American boys were needlessly sacrificed in the last hours of the fighting on the western front Governor Henry Allen, of Kansas, told the house rules committee today.

## CAMP AT BREST IN FILTHY STATE

Senator Owen Says Morale of American Soldiers Is Being Shattered.

## RETURNS FROM FRANCE

Oklahoma Solon Declares Rest Camps Are Insanitary and Overcrowded and That Men Should Be Brought Home.

Washington, Feb. 18.—Senator Robert L. Owen of Oklahoma, will be invited to tell the senate military committee of conditions at the American embarkation camp at Brest, which he criticised in a statement after his arrival in New York from France.

Secretary Baker also expects Senator Owen to call at the war department soon to inform officials there of what he saw at this much discussed center of the American army's home ward movement.

The morale of American soldiers in French rest camps is being shattered by the insanitary and crowded conditions they are subjected to and by the long periods of waiting for transportation, declared Senator Owen, who arrived in New York on the liner Rotterdam. He said he would come to Washington at once to report on the result of his investigation and to urge corrective measures.

Asks Men Be Brought Home at Once.

"It is imperative that the men be brought home at once," said Mr. Owen. Their demobilization should proceed more systematically and provision should be made to give them a new start in life when they get back home. This is not charity, but a duty we owe them."

Senator Owen said that conditions were particularly bad at Brest. There is some improvement as regards food, but overcrowding still continues. He declared that men in the Brest camps are becoming despondent.

It was in this play however, that she made her first appearance in America, which was produced at the Criterion theatre. During this time she appeared in the Russian language but at the suggestion of Henry Miller she began to study English and after four short months appeared as "Hedda Gabler" in this language. This is almost inconceivable but true, and it goes to show the genius and determination of this wonderful woman.

Nazimova's career in this country has been a series of continuous and tremendous successes which have placed her at the top of the ladder of dramatic and screen fame.

Since "War Brides," all her appearances on the silver sheet have been in Nazimova productions, where she has appeared in "Revelation," which has been called a classic by the most notable critics of the day, and "Toys of Fate," another super-screen production. In "Eye for Eye," which is perhaps her greatest achievement and in which she plays the part of Hassouna, a beautiful and fiery Arabian girl, she has added new laurels to her wreath of fame.

Sacramento, Cal., Feb. 18—Teachers in other California cities are expected to follow the lead set here and form teachers unions affiliated with the American Federation of Labor.

Thirty-six such locals, having 10,000 members, now exist in the United States.

After considerable effort, a robust union has been organized here.

One of its precepts is that there shall be no strike.

National Organizer L. V. Lampson

announced that the union frowns on strikes or anything else that would interrupt the education of children.

"We will rely upon publicity, organization and political action to obtain what we consider a fair wage and proper working conditions," he said.

#### White House Made Ready For Wilson

(By United Press)

Washington, Feb. 13—Everything at the White House has been put in tip-topshape for the return of President and Mrs. Wilson.

Although spring isn't here yet, the executive mansion has had its spring house cleaning from top to bottom, and considerable renovating has been done, for the historic house is beginning to show its age. War times have caused the appearance of the President's home to be neglected, and many buckets of paint have been used to keep up the custom, made necessary by our friends, the British, of keeping the White House white.

In the interior of the building, the historic color schemes, such as the blue and the green rooms have not been changed, but just here and there touches have been made to cover the marks of time. Indicating that President and Mrs. Wilson are planning to resume White House social life, considerable work has been done on the big ball room. The floor has been refinished, new draperies hung, the gold piano "touched up" and tuned, and the gorgeous tapestry presented a few months ago by the French government put in place.

Indications also are that the big state dining room, with its Roosevelt trophies of animal heads around the walls, once more will be a gathering place of international and national notables. Large tables are ready for it in place of the small one Mr. Wilson placed there during the war. China fanciers are praising the design Miss Wilson selected for the china of the President's room. The dishes have the President's seal in gold in the center, with a thin gold band of 18-karat around the edge.

The private apartments of the President have been brightened up. Many of the gifts foreign nations have bestowed on the President will be used to adorn the White House, it is believed, taking places alongside historic gifts and furniture of Washington, Lafayette, Jefferson, Lincoln and Roosevelt.

The executive offices have not been forgotten in the cleanup, and the President's office, cabinet and the offices of Secretary Tumulty have received coats of light green and white paint throughout. Even the press room has received its share.

Two chairs are ready for the cabinet room, for, following custom, each cabinet member takes his chair with him when he resigns. McAdoo has taken his, and the other new chair is to take the place of the one Attorney-General Gregory will carry away when he steps out, March 4.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which, if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal ailments.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

## DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

## WOMAN'S REALM

### "GREEN STOCKINGS" H. S. SENIOR PLAY

To be Given Thursday Evening, Feb. 27, at Park Theatre—Plot of the Comedy

### HIGH SCHOOL ORCHESTRA PLAYS

Cast is Given. Specialty of Senior Girls to be Given Between the Acts

"Green Stockings," high school senior class play, will be given on Thursday evening, Feb. 27, at the Park theatre. The plot of the comedy follows:

There's an old country custom in England that a girl must wear green stockings at the marriage of her younger sister, if she herself is still an old maid. The heroine has worn these twice in "Green Stockings," and is naturally looked down upon by the rest of the family because she has not managed to capture a husband. Celia Faraday is the family Cinderella. She comes home to find her youngest sister, Phyllis, a mere child, engaged to Robert Tarver. Then she decides that she can endure the situation no longer so announces her engagement to Colonel John Smith, of the West African Rifles—just sailed from Somaliland. Immediately the men, young and old, awake to the fact that she is in reality a very charming young lady, and their attitude change from mere tolerance to real admiration.

#### Lines are Clever

The family insists that she write a letter to her lover. This letter she thinks she burns, but it is actually sent to the post. Eight months later a gentleman from Somaliland appears to bring news of the Colonel Smith. From then on the plot "thickens" and is concerned with Celia's attempt to escape from an embarrassing situation. She is aided and abetted by Aunt Ida from Chicago.

Much of the humor of the play is furnished by Bobby Tarver and Phyllis Faraday who are deeply in love with each other and young enough to be exceedingly frank about their preference. The plot is very interesting and the lines clever.

The high school orchestra will play and a specialty of senior girls will be given between acts. This was presented at the New York Hippodrome last winter.

## OUR PRESENT DUTY

The days of sacrifice, of self-denial, of economies, forced and real, are not over. Unselfish devotion to our country's needs is as necessary now as it was last October.

For, although the armistice is signed, the Peace Conference is on, the German army almost a thing of unpleasant memory and the boys are coming home, the end is not yet for any of us.

Uncle Sam hasn't finished the job—it's not out of the woods. We are not free from duty's demands. Those of us who have made worthwhile record of patriotic service during the months of war are to be congratulated no doubt, but after all we have only done our plain duty and we have builded for ourselves more than we have helped our country.

Because we have stood in the spot light and have made records that are held up to others as worthy of emulation does not relieve us of any new duty that we are now called upon to perform. In fact, because we have done our share and by doing it have been given leading place in our community, we are all the more in honor bound to continue our work and to answer our country's call to finish the job.

Today the appeals for service are as vital as they were before November 11th. These appeals are for us to do our part of the public work of financing the Government through War Savings Stamps and the Fifth Liberty Loan and in making proficient other various war aids.

Behind every one of these appeals we see that titanic struggle—the shell-swept battlefields, the burning hospitals, the wreckage of buildings and the ruin of cities. We see the surging back and forth of fighting armies, the slow return of laden ambulances, the ghost-like clutter of crosses on the hillside.

And then along comes Sam Smith with a shattered leg and his lifelong limp. And he tells stories of other boys who were with him in that fight he will never forget, and who were done up far worse than he; fellows who will have to learn all over again the job of earning a living.

Then more than ever we realize that our task of our country is far from being done, and if we are truly

## OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

## RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment

Stop "dosing"! Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Limber up! Get a 30 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

patriotic, if we are right inside, we heed the appeals and mentally decide to see it through. This is all we can do and the least.

In view of these conditions and in the bright light of these pressing duties, the man and woman who does not "carry on," who takes the stand that he has done his share and is free from further obligation, will be most unpleasantly conspicuous.

There are slackers in peace as well as in war times. There has been an awakening of the national conscience. The American soul has been revived. We view our duty to our Government differently than we did before the war, and public opinion will properly reward sacrifice and patriotic effort. At the same time it will remove and destroy the laurel wreath, if the wearer avoids the performance of his present duty. Loyal communities will not tolerate slackers now any more than they did then.

## THE CHILD AT THE DOOR

"Four hundred thousand of these suffering Armenians and Syrians are little children."

A child is crying beyond our door. In the cold and the wind and the wild downpour.

(How can we sit at ease within?) A child is calling beyond our gate. Starving and stark and desolate, (How can we bid the feast begin?)

The doors of the world are heavy and tall.

But the cry of a child can pierce them all.

(A cry of a child in anguish sore) And though it sounds from a land apart,

'Tis at our threshold and at our heart,

(A child is crying beyond our door.)

How may we sit content and warm When a child is lost in the night and storm?

(The night of famine, the storm of War.)

How may we break our bread in ease, Hearing the voice of the least of these?

(A child is crying beyond our door.)

THEODOSIA GARRISON

The militant suffragettes who have been rowdy in Washington, are planning to meet the president when he lands at Boston to further annoy him. They should be promptly arrested like any other person creating disorder, and given a jail sentence. It is only the conduct of these people that killed suffrage in the senate last week. If they can be suppressed by the same and orderly members of their sex the next congress will pass the suffrage amendment to the constitution to the states for ratification.

## COUNCIL MEETING RECEIVES AMENDMENTS

Mayor R. A. Beise Transmits to City Fathers the Two Amendments of Charter Commission

### PUBLICATION IS ORDERED

To be Advertised in Three Papers, to Be Voted on at the April Spring Election

The city council, with all members present except Aldermen Turcotte and Andrew Anderson, received the report of the Charter Commission on two amendments considered, Mayor R. A. Beise presenting the report. These are to be voted on at the next city election in April and the amendments provide for the recall and make the office of city attorney elective instead of appointive.

On motion of Alderman Paine, carried, the amendments are to be published in three city papers including the Brainerd Dispatch on five successive Fridays commencing February 21 and ending March 21.

Claims allowed and ordered paid were those of Walter Ludlow patrol man for \$52.26; two influenza city hospital bills of McGinn & Babcock for supplies \$20.10 and of Leona DeRocher as nurse \$3.75.

### WIFE DESERTION CHARGED

Sergeant George P. Hanson of Brainerd Taken in Custody in Moorhead

Sergeant George P. Hanson was taken in custody at Moorhead charged with deserting his wife in Brainerd. Sheriff Thorin wired Moorhead officials and they took the former soldier in custody as he stepped from the train. Sergeant Hanson was lately discharged from service and gained some prominence in this city by starting a soldier's club. He left town on Feb. 15 and is now back in Brainerd to await further disposition of his case.

### ROLL OF HONOR

Rev. Elof G. Carlson has received a picture of a church in France built in the year 1178 from Albert Englund. Private Englund is feeling fine, but is eagerly awaiting the day when he can come home and meet his friends. He sends greetings to all of them.

In one mail City Clerk and Mrs. Anton Mahlum received seven postals from their son, Private Howard Mahlum, who spent close to two years in France, being a member of a forestry division. Private Mahlum is now on his way to Camp Dodge, Iowa, to be demobilized. He recently sent home a bun helmet which formerly rested on the head of a Boche, now deceased in the demise occurring on the day of the armistice.

Sgt. Clyde E. Parker in a letter home writes of meeting Henry Mills, Art Turcotte and a son of John T. Ingred. The machine gun battalion has now received a complement of horses and they are used to pull the guns.

## "LADIES' NIGHT" AT CHAMBER COMMERCE

Cards and Dancing Contribute to Make the Social Function a Very Pleasing One

### PRIZE WINNERS ARE GIVEN

Refreshments Served, Dancing Took Place in Masonic Reception Room on Third Floor

The House and Social Committee of the Chamber of Commerce scored their second big success of the new year last evening when they entertained approximately 100 people in honor of the ladies at the handsome club rooms in the Iron Exchange building. The affair was known as "Ladies' Night" and was inaugurated two years ago, but owing to the war and its activities, all social functions were done away with last year.

The Chamber of Commerce rooms were brilliantly lighted and were used for the reception of guests and for cards. Several tables were arranged in the social hall and in the reading room and were patronized by the devotees of 500, this being the game of the evening. Prizes were awarded to the following:

Aurora Lodge No. 100 recently held its annual election as follows: W. M.—James E. Crust. S. W.—Harold Forsberg. J. W.—D. E. Whitney. Treasurer—Milton McFadden. Secretary—G. W. Chadbourne.

The reception rooms of the Masons on the upper floor was very kindly loaned the Chamber and was used for dancing. Mrs. Leo Rifenrath presided at the piano in a very acceptable manner and it was a pleasant sight to see the guests, after enjoying the social features on the first floor, retire to the upper hall for dancing.

Wafers and punch were served in the Chamber of Commerce rooms, Miss Carmichael being in charge of the refreshment table. The punch was furnished by W. E. Haydon, manufacturer of the famous Haydon ice cream and was presented with the compliments of Mr. Haydon.

A new player piano of the latest and most improved type has been recently placed in the Chamber of Commerce rooms by the Wm. Graham Music Company and this was much enjoyed at the gathering last evening.

A large number of new members and their ladies were present to enjoy the social function.

Professor R. H. Rehl and Cecil Witham afforded their services and added to the enjoyment of the dance music after completing their engagement at the Best theatre. Professor Rehl, with the saxophone, Julius Witham, violin and Mrs. Leo Rifenrath at the piano furnished excellent music which was greatly appreciated by the large gathering of the younger set and a number of the older men and matrons who filled the Masonic reception rooms to its capacity.

The House and Social Committee acknowledges the assistance of Professor Rehl and orchestra and the courtesy of the Masonic Lodge in affording the use of their reception room for dancing, which greatly assisted in entertaining the large crowd in attendance at the function.

Misses Dorothy Carmichael and Estella Erickson presided at the punch bowl.

### Chamber Dinner Next

The next regular meeting of the Chamber of Commerce will be held on Wednesday evening, February 26 and the House and Social Committee will serve a dinner at 6:15 to be followed by the regular Chamber meeting.

Members are urged to attend, not only the dinner, but the meeting as matters of importance are to come up for disposition. The dinner will consist of home baked pork and beans, salads, brown bread and butter, coffee and cream, and members are urged to bring with them as their guests some of the citizens of the city who have not thus far become identified with the organization.

The membership drive still continues and D. D. Schrader, will organize his committee the coming week for a comprehensive campaign during March.

The more who attend these functions and meetings of the Chamber, the better, for many are not familiar with the actual work of the organization and when they once are, they are very glad to become identified with it.

### At the Best Tomorrow

When dainty Enid Bennett goes vamping in "The Vamp", her latest Paramount photoplay which is to be displayed at the Best theatre tomorrow, then there happens one thing after another. Miss Bennett is a capable screen actress and she has proved this in numerous photoplays in which she has starred, but it is certain that her art never was displayed to finer advantage than in this her latest starring vehicle.

## Chateau Thierry Hero, Wounded Nine Times, Sees New York With Sister and Sweetheart

This is Private Oscar Desrosiers, of Company D, 204th Infantry, Twenty-sixth Division, and hero of Chateau Thierry, just after he was permitted for the first time to leave a debarkation hospital in New York City to see the sights. He was wounded nine times in that battle and lost the sight of one eye.

On one side is his proud sister, on the other his even prouder sweetheart. Private Desrosiers confided to the photographer who "snapped" him on Fifth avenue that being a convalescent wasn't so bad after all.

### FOE IN FINANCIAL STRAITS

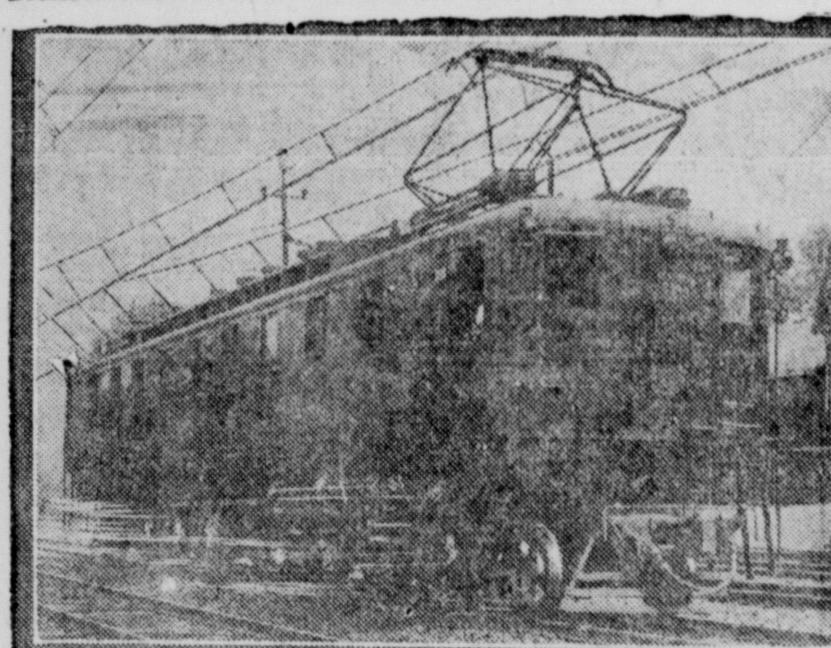

Total War Cost to Germany \$40,000,000, Says Schiffer.

Weimar, Feb. 18.—The German people generally do not yet understand clearly the financial situation in which the war has left them and they are too optimistic, declared Dr. Schiffer, the minister of finance, in an address to the German national assembly.

Dr. Schiffer asked the assembly to vote a credit in the form of a loan for \$6,333,000,000, the greatest loan the German people ever have been asked to raise. He said that last October the government stood on the verge of financial exhaustion. It asked for a credit of \$3,750,000,000, but when this was refused, raised it by means of bank note issues. The total cost of the war to Germany was \$40,000,000,000, he said.

### \$179,000,000,000 COST OF WAR

Britain's Expenditure Greatest, France Second and U. S. Third.

Washington, Feb. 17.—Exclusive of expenditures by Belgium, Portugal, Roumania, Austria-Hungary and Bulgaria, the total cost of the European war was fixed at \$179,000,000,000 in an official estimate made public here and based on data in the hands of the federal reserve board, the secretary and the bulletins of the Swiss society of banks. The table was compiled on estimated expenditures to last January 31.

Total expenditures of the Allies and the United States were fixed at \$119,581,000,000 exclusive of loans among themselves, which totaled \$18,375,000,000.

The individual expenditures of the nations were given as follows:

Great Britain, \$37,100,000,000; France, \$27,000,000,000; United States, \$18,481,000,000; Russia, \$18,000,000,000; Italy, \$10,000,000; Serbia, \$8,000,000; Japan and Greece, \$1,000,000,000.

The total expenditures of Germany were given as \$36,500,000,000 and of Turkey, \$23,000,000,000, making an aggregate of \$59,500,000,000 for these two members of the Germanic alliance.

### REAL SECRET OF THE CZECH

Enthusiasm in Everything Is One of the Most Prominent of His Characteristics.

If you ask the Czech himself, he will tell you that the secret of his life is enthusiasm. He calls it love—love of country, which lays down life without question or stint; love of beauty, without which he considers life stupid, neither to be lived through with joy nor departed from with dignity. In this esthetic apprehension which we call by the thin and unsatisfactory word "taste" the Czech is like the French—surely he must be likened sooner or later to the French—bearing the mark of a race old in living rich in tradition, discerning in its appreciations. He is, too, a lover of love, worshiping women; a lover of life, more joyous than the Russian; less light minded than the Gaul. A lover not of the form, but of the substance. Life is short; youth is short. It is to laugh, to work, to weep, to think, to love, to be aware of that complex and ever-changing stream of consciousness. When a Czech dies, somehow one feels that one may say of him what may not be said of every man, "He is dead, but he has lived."

If you ask the American he will tell you that the Czech's secret is "Allied ideals with Teuton training." It is his efficiency that endears him to the American, especially if he is recuperating from the Russian army.—Olive Gilbreath in Harper's Magazine.

### USES FOR HORNS IN CHINA

Pills and Marvelous Tonics Are Among the Many Things Manufactured From Them.

Water buffalo and ox horns in China are worked into lanterns, some of strikingly large size and quite transparent, says a writer in the Boston Evening Transcript. They also find many other uses in China, including the manufacture of combs, shoe horns and backs of hair, tooth and other brushes. Prior to the antipoupin campaign the principal use made of these horns was in the manufacture of opium cups or boxes for packing and storing opium for home consumption. Horn lanterns in China are made from the hoofs as well as the horns of animals. Deer, reindeer and mountain goat horns are valuable in China for manufacture into medicine. Stag horns are particularly valuable, but useful only during a certain time of the year. From the stag horns pills are made that are reputed to have marvelous tonic and rejuvenating

### DAILY HEALTH TALKS

The Many Mysteries of Nature

BY L. W. BOWER, M. D.

You can take an onion seed and a pansy seed, and plant them side by side in the same spot of ground. In one case, you get an onion, with its peculiarly strong odor, and in the other you get a flower of rare beauty. You can plant a poppy seed and get opium (a dangerous, habit-forming drug), or you can plant a rhubarb seed and get something that helps constipation. No scientist, living or dead, can explain these mysteries of Nature. Behind the invisible life germ in each seed is hidden the deep secret that nobody understands. Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening drains, bearing-down pains, periodic irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and Oregon grape root. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it.

Pierce's Favorite Prescription should have the full confidence of every woman in America because it contains no alcohol and no narcotic. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine are injurious, and so he has always kept them out of his remedies. Send 10¢ to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial pkg. Tablets.

qualities. About a million pounds of water buffalo and ox horns and a thousand pairs of deer horns were exported during 1917, the latter probably for the medicinal use of Chinese populations abroad. Ivory ware is peculiar to Canton. Tusks are imported from Siam and carved with great skill and dexterity by the ivory carvers of Canton, experts being few in number. Canton is famous for its elaborately carved ivory balls, one within another, sometimes to the number of 17, all carved from without. There are about forty ivory shops in Canton. There are, however, only six expert carvers. These work in their own homes and make about \$30 Canton currency a month (at present exchange about \$25 gold), but usually much less.

### 1,500,000 French Killed

An Atlantic Port—France in four years of conflict to preserve her own liberty and that of the world, according to Andre Tardieu, French high commissioner to the United States, has lost 1,500,000 men killed and as many wounded. America owes France an enormous debt of gratitude for this heroic outpouring of her life's blood and also for the reported saving of thousands of lives in this country and throughout the world through the discovery by French peasants of a perfect remedy for stomach, liver and intestinal ailments which, it is said, has relieved incalculable suffering and prevented thousands of surgical operations.

Geo. H. Mayr, prominent Chicago chemist, imports the ingredients and sells this remedy in America under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and relieves the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.

When such symptoms appear you will almost certainly find quick relief in GOLD MEDAL Haarlem Oil Capsules. This famous old remedy has stood the test for two hundred years in helping mankind to fight off disease. It is imported direct from the home laboratories in Holland, where it has helped to develop the Dutch into one of the sturdiest and healthiest races in the world, and it may be had at almost every drug store. Your money promptly refunded. Be sure to get the genuine GOLD MEDAL Brand. In sealed packages, three sizes.

## You're getting a June Style in a February Maxwell

THE MAXWELL car of today is so vastly improved in appearance that many persons believe we have produced a new model. That is not the case.

It is the same chassis, scarcely with a change, on which 300,000 Maxwells have been built.

But it is a better looking car. It is finer in finish; angular lines have been straightened out; fenders improved; bonnet simplified; cowl made flush with the top line of the body; seats thickened by three inches; circassian dash installed; gas tank slung in the rear, etc.

There are twenty-four things done to make it more beautiful.

We made the Maxwell simple to start with five years ago. Then we kept on making and making these cars all alike. We have now completed 300,000 of them.

There is logic in doing one thing and doing it well. We have followed that logic. And results tell today.

Maxwells have always been noted for their reliability. Now they will become noted for their beauty.

And today we are in a position to give you a June style in a February Maxwell, which a year ago seemed quite out of the question on account of the war.

Come and see the latest Maxwell.

## ENEMY ACCEPTS NEW ARMISTICE

Teuton Assembly Bows to Terms of Truce After Long Debate, Danes Hear.

## FOCH REFUSES DELAY

Pressure Being Exerted On Supreme War Council For Immediate Intervention in Russia—American Position Unchanged.

London, Feb. 18.—The armistice terms were discussed by the German cabinet for several hours, when an effort was made to summon the national assembly to decide upon the answer, according to an Exchange Telegraph dispatch from Copenhagen. It was found impossible to summon the assembly and after a conference with the party leaders it was decided to accept the terms unconditionally.

### MAY INTERVENE IN RUSSIA

Paris, Feb. 18.—Pressure is being exerted on the supreme war council for an immediate intervention in Russia. The French were said to have been urged again that military action be taken against the bolsheviks on a large scale, while War Minister Winston Spencer Churchill's proposal—which has not been made public—was understood to contemplate proclamation of a state of war, if necessary. The American position in opposition to a military policy remained unchanged.

### Ladies Attend Meeting.

Copenhagen, Feb. 18.—The German government accepted the Allied terms for the extension of the armistice, according to a dispatch to the Politiken.

The meeting at which the acceptance was decided upon, the Politiken's correspondent says, was attended by leaders of the various parties.

An earlier report stated that in reply to a request by Mathias Erzberger, head of the German armistice commission, for delay in the signing of the armistice terms until Monday noon, Marshal Foch declared that the armistice expired at 5 a. m. Monday and that the last hour for signing would be 6 p. m. Sunday.

In order to be able to issue necessary orders to the troops, if not signed then, Marshal Foch said he would be obliged to leave Treves and the armistice would no longer be in force.

### Conflicting Reports.

Basle, Feb. 18.—Conflicting reports received from Treves regarding the status of the armistice. One dispatch said the armistice had been prolonged indefinitely, while another said that Marshal Ferdinand Foch had allowed the Germans three days grace in which to accept the new terms. The armistice was to have expired today.

## PROBLEM TO NEXT CONGRESS

Committee Passes Railroad Question to New Body.

Washington, Feb. 18.—All plans for considering railroad legislation at this session of congress have been abandoned by the house interstate commerce committee. It has been regarded as a foregone conclusion that the present congress would not attempt to solve the railroad problem, but extensive hearings have been conducted by the senate committee and the house committee expected to begin an inquiry soon. A bill by Representative Sims of Tennessee, chairman, to extend government control for five years and other measures are pending.

## DUTCH SHIPS ARE ENGAGED

Holland Vessels Will Aid in Bringing Yankees Home.

Washington, Feb. 18.—Negotiations have been completed, it was announced at the war department, for having Holland-American liners bring some American troops from France on their westward voyage between the United States and Dutch ports.

## TROOPS CARRIED AT COST

American and British Governments Reach Agreement.

Washington, Feb. 18.—An agreement just reached between the United States and British governments on the amount to be paid for the transportation of American troops to France during the war in British ships is based on cost of transportation with no margin of profit.

Urge National Health Drive.

Washington, Feb. 18.—Dr. L. L. Lumsden, assistant surgeon general of the public health service, appeared before the house agriculture committee to urge passage of the bill providing for the co-operation of the federal government with the states in promoting improved health conditions in rural districts. He said there were thousands of deaths every year in the rural districts from polluted water supplies which could be prevented by an educational campaign and proper aid to the state health boards.

## Additional Terms to be Imposed on Germans

By FRED S. FERGUSON, United Press Staff Correspondent.

Paris, Feb. 18.—The allied commissioners designed to formulate additional armistice conditions have practically completed their work it was learned today. The armistice renewal signed Sunday is essentially provisional and definite agreements containing additional military and naval terms will be substituted as soon as the commissioners finish their task. It was said today that Marshal Foch may be able to communicate the additional terms to the Germans within a week.

## Alleged Bank Wreckers Are Arrested

(By United Press)

Minneapolis, Minn., Feb. 18.—Chas. F. Wyant, president of the thirteen banks, and Wm. H. Schaffer, promoter, were arrested here today charged with defrauding depositors of the Wyant banks of the sum estimated at seven hundred thousand dollars by means of worthless notes and wild cat stocks. The thirteen banks have been closed by the state superintendent of banks.

## MUST REALIZE DEFEAT

Many Members Are Disposed to Ac-  
cede to the Wishes of Pres-  
ident Wilson.

Frenchman Answers Criticism of Do-  
lai at Peace Meet and Says No  
Time Has Been Lost.

Paris, Feb. 18.—Debate on the constitution of the league of nations probably will begin in the senate within a day or two despite President Wilson's request that discussion be postponed until after he has conferred with members of the senate and house foreign relations committee at the White House Feb. 26.

Senator Poindexter of Washington, Republican, who recently issued a statement sharply criticising several features of the league plans, intends to open the attack Wednesday. His address is expected to precipitate general debate. Most members of the foreign relations committee apparently are disposed to accede to the president's request.

Senator Cummins of Iowa, also expects to speak during the week. Other senators reported to be planning criticism are Reed of Missouri and Gore of Oklahoma, Democrats. Senator Borah of Idaho, a Republican member of the foreign relations committee, is also desirous of expressing his views.

## MEMORIALS FOR SOLDIERS

British Would Commemorate Various Heroic Deeds.

London, Feb. 18.—In a statement on the work of the Imperial War commission by Rudyard Kipling, announcement is made that memorials to commemorate the part borne by various army divisions or regiments in the campaigns and battles, as for instance, by the Canadians at Ypres, the South Africans in the Deville Wood, the Australians at Amiens, and the British at the breaking of the Hindenburg line, will be considered by representatives of the military committee.

## BOSTON PREPARES WELCOME

Program Is Conditional On Desires of President.

Boston, Feb. 18.—Tentative plans for the entertainment of President Wilson next week were made by Governor Coolidge and Mayor Peters. The program, the governor said, was conditional on the wishes of the president.

The date of his arrival is thus far uncertain.

The entertainment of Mrs. Wilson will be in the hands of Mrs. Coolidge and Mrs. Peters.

## PORTUGUESE UPRISE ENDS

Government Proclaims Defeat of Mon-  
archical Forces.

Washington, Feb. 18.—Final suppression of the revolution in Portugal has been proclaimed by the government at Lisbon, according to dispatches received at the state department. Wire communication now is being maintained between Lisbon and Oporto and railway communication is being inaugurated.

Jap Treaty to Be Given Out.

Pekin, Feb. 18.—Premier Chin Nun Hsun, under instructions from President Hsu Shih-Chang, has sent a dispatch to the Chinese peace delegates instructing them to disclose to the peace conference the Shantung railway agreement and other secret agreements with Japan. It is reported that the president is encountering opposition from his pro-Japanese cabinet at every step. The Japanese are said to be the publicity of the Shantung agreement.

## Senator Declines to Dine With President

By L. C. MARTIN, United Press Staff Correspondent.

Washington, Feb. 18.—Senator Borah today declined President Wilson's invitation to dine at the White House and discuss the league of nations. He based his declination on two points. First, that he and the president are fundamentally at odds regarding any league of nations plan, and secondly that he could not allow himself to be bound by a confidential discussion, no part of which he could use later in argument or public discussion.

Borah, so far, is the only member on either house or senate foreign relations committee to decline the invitation.

Strong pressure was brought to bear on him to reconsider.

His action created a stir at the capitol.

At the same time announcement was made that Senator Poindexter is prepared today to disregard the president's express wish

that debate be deferred by beginning

a discussion of the league before the

Senate.

Poindexter's speech, if made

today, is expected to be followed by

speeches by Borah, Cummins and Reed, all hostile to the league.

Such criticism as they will voice will call

for a reply by administration leaders.

After a conference with other oppo-

nents of the league Senator Poindexter decided to postpone his speech until tomorrow.

Borah said he would probably wait until after the

Poindexter speech.

Senator Owen Says Morale of American Soldiers Is Being Shattered.

## Germans Disposed to Break Armistice Terms

By FRANK J. TAYLOR, United Press Staff Correspondent.

Welman, Germany, Feb. 18.—The intervention of German party leaders was all that prevented the armistice being broken off at the last minute it was revealed today. The cabinet had already decided it was impossible to accept the new conditions, and only changed its attitude after strong representation by political spokesmen.

## CAMP AT BREST IN FILTHY STATE

Senator Owen Says Morale of American Soldiers Is Being Shattered.

## RETURNS FROM FRANCE

Oklahoma Solon Declares Rest Camps Are Insanitary and Overcrowded and That Men Should Be Brought Home.

Washington, Feb. 18.—Senator Robert L. Owen of Oklahoma, will be invited to tell the senate military committee of conditions at the American embarkation camp at Brest, which he criticised in a statement after his arrival in New York from France.

Secretary Baker also expects Senator Owen to call at the war department soon to inform officials there of what he saw at this much discussed center of the American army's home ward movement.

The morale of American soldiers in French rest camps is being shattered by the insanitary and crowded condition they are subjected to and by the long periods of waiting for transportation, declared Senator Owen, who arrived in New York on the liner Rotterdam. He said he would come to Washington at once to report on the result of his investigation and to urge corrective measures.

Ask Men Be Brought Home at Once.

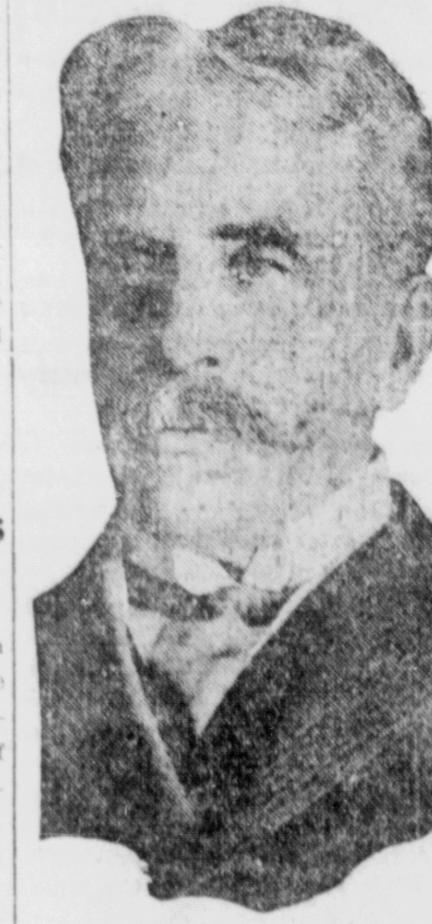

"It is imperative that the men be brought home at once," said Mr. Owen. Their demobilization should proceed more systematically and provision should be made to give them a new start in life when they get back home. This is not charity, but a duty we owe them."

Senator Owen said that conditions were particularly bad at Brest. There is some improvement as regards food, but overcrowding still continues. He declared that men in the Brest camps are becoming despondent.

## JOY AT WASHINGTON

Announcement Brings Expressions of Approval From Several Lawmakers, Including Senator Johnson of California.

Washington, Feb. 18.—American and Allied troops operating in North Russia will be withdrawn "at the earliest possible moment that weather conditions in the spring will permit."

To facilitate this movement, and to improve lines of communications for the supplying of the forces that have penetrated into the country, President Wilson has approved the sending of two additional companies of American railway troops to Archangel.

This information, cable to the war department by General Tasker H. Bliss at Paris by direction of the president, was transmitted to Chairman Chamberlain and Dent of the senate and house military committees by Secretary Baker. The announcement brought expressions of approval from several senators, including Senator Johnson of California, Republican, who has been pressing his resolution providing for a declaration by the senate in favor of withdrawal of the American forces.

### England to Send More Men.

General Bliss also informed Secretary Baker that Great Britain had decided to send 2,400 additional soldiers to Archangel to reinforce the army in North Russia. In this connection General Bliss said the British military authorities felt no apprehension over the military situation in North Russia.

Secretary Baker's letters to their committee chairmen were identical. They said:

"I have just received a cablegram from General Bliss, sent by the president's direction, in which I am told that the president has approved the sending of two American railway companies to Murmansk for the following objects: First, to assure greater safety during this winter of the Allied forces both along Murmansk and at Archangel and south of Archangel. Second, the much better supply and, if necessary, the reinforcement from Murmansk of the advance detachments south of Murmansk and Archangel. Third, to facilitate the prompt withdrawal of American and Allied troops in North Russia at the earliest possible moment that weather conditions in the spring will permit."

President Directs Action.

"The president has directed me to communicate the foregoing to the heads of the Allied governments which I have done. The president desires that his action and the reasons for it be communicated to the military committees of the senate and house for their information.

"In addition to the foregoing, General Bliss tells me that the British government is sending a force of about 2,400 men to Murmansk, and that they have requested the co-operation of the president to the extent of two companies of railway troops above referred to. The desire for the railway troops is based upon the fact that supplies and reinforcements for Archangel during the winter have to go by railroad south from Murmansk to a point near the southern extreme of the White sea and that the operation of this railroad is believed by the British to be absolutely necessary to guarantee the prompt movement of reinforcements and supplies to Archangel and the troops south of Archangel.

"Chairman Poinsett interrupted the governor to say that he believed the evidence was but the forerunner of a comprehensive inquiry."

## INCOME TAX BLANKS READY

Forms for Return of \$5,000 or Less May Be Had.

Washington, Feb. 18.—Individuals with incomes of \$5,000 or less may now obtain income tax return forms at offices of revenue collectors or banks, the revenue bureau announced. The forms have been distributed and were released without awaiting signature of the revenue bill by the president. The form for individual incomes of more than \$5,000 and other tax return forms will be available in two weeks.

## TO REQUEST SPECIAL RULE

Committee Anxious to Secure Action on Army Bill.

Washington, Feb. 18.—Anticipating another fight in the house on temporary army reorganizations for the year beginning next July, the house military committee, by a divided vote, directed Chairman Dent to apply for a rule making the committee's proposed legislation authorizing enlistment of 500,000 men in order in the new military appropriations.

### Mexico Revises Concessions.

Washington, Feb. 18.—Pastor Rousal, the Mexican secretary of agriculture, has ordered a revision of concessions granted foreign corporations and individuals by former governments of Mexico, according to official information received here through official channels. Greater development of lands within the republic was given as the reason for the order, which is directed largely against concessions granted to American and British firms and nationals by former President Diaz.

Former Canadian Premier Suffers Stroke of Paralysis.

Ottawa, Ont., Feb. 18.—Sir Wilfrid Laurier is dead. Sir Wilfrid, who was 78 years old, was stricken with paralysis. He had been in poor health several years. His political career began in 1871, when he was elected to the Canadian parliament.

NAZIMOVA'S RISE TO FAME

Famous Star Who is to Appear at the Park Theatre, Has Had Career of Unbroken Successes

Alla Nazimova, who will be seen in "Eye for Eye," at the Park theatre on Feb. 21-22 for a two day engagement has become the supreme screen star of the day.

Born in Taita, a little Crimean town on the shores of the Black Sea, she was taken to Geneva when a child. While here she showed a remarkable aptitude for music and became a violinist of distinction at the age of twelve. She gave up music as a profession, however, and devoted herself to the study of dramatic art.

Immediately upon graduation she became leading woman with a stock company in Kostroma, Russia, and played over two hundred parts during her first season. Soon after this she moved to Petrograd where she appeared in the leading theatres in all prominent roles including "Zaza," "Camille," "Magda," "Hedda Gabler," "Trilby" and "The Second Mrs. Tanqueray." She attempted to make a production of "The Chosen People," a revolutionary play, but was stopped by the Russian censors.

It was in this play however, that she made her first appearance in America, which was produced at the Criterion theatre. During this time she appeared in the Russian language but at the suggestion of Henry Miller she began to study English and after four short months appeared as "Hedda Gabler" in this language. This is almost inconceivable but true, and it goes to show the genius and determination of this wonderful woman.

Nazimova's career in this country has been a series of continuous and tremendous successes which have placed her at the top of the ladder of dramatic and screen fame.

Since "War Brides" all her appearances on the silver sheet have been in Nazimova's productions, where she has appeared in "Revelation," which has been called a classic by the most notable critics of the day, and "Toys of Fate," another super-screen production. In "Eye for Eye," which is perhaps her greatest achievement and in which she plays the part of Hassouna, a beautiful and fiery Arabian girl, she has added new laurels to her wreath of fame.

#### White House Made Ready For Wilson

(By United Press)

Washington, Feb. 18—Everything at the White House has been put in tip-topshape for the return of President and Mrs. Wilson.

Although spring isn't here yet, the executive mansion has had its spring house cleaning from top to bottom and considerable renovating has been done for the historic house is beginning to show its age. War times have caused the appearance of the President's home to be neglected, and many buckets of paint have been used to keep up the custom, made necessary by our friends, the British, of keeping the White House white.

In the interior of the building, the historic color schemes, such as the blue and the green rooms have not been changed, but just here and there touches have been made to cov-

er the marks of time. Indicating that President and Mrs. Wilson are planning to resume White House social life, considerable work has been done on the big ball room. The floor has been refinished, new draperies hung, the gold piano "touched up" and tuned, and the georgeous tapestry presented a few months ago by the French government put in place.

Indications also are that the big state dining room, with its Roosevelt trophies of animal heads around the walls, once more will be a gathering place of international and national notables. Large tables are ready for it in place of the small one Mrs. Wilson placed there during the war. China lace era are pricing the design Mrs. Wilson selected for the china of the President's room. The dishes have the President's seal in gold in the center, with a thin gold band of 13 stars around the edge.

The private apartments of the President have been brightened up.

Many of the gifts foreign nations

have bestowed on the President will

be used to adorn the White House. It is believed, taking places alongside historic gifts and furniture of Washington, Lafayette, Jefferson, Lincoln and Roosevelt.

The executive offices have not been forgotten in the cleanup, and the President's office, cabinet and the offices of Secretary Tumulty have received coats of light green and white paint throughout. Even the press room has received its share.

Two chairs are ready for the cabinet room, for, following custom, each cabinet member takes his chair with him when he resigns. McAdoo has taken his, and the other new chair is to take the place of the one Attorney-General Gregory will carry away when he steps out, March 4.

It was in this play however, that she made her first appearance in America, which was produced at the Criterion theatre.

During this time she appeared in the Russian language but at the suggestion of Henry Miller she began to study English and after four short months appeared as "Hedda Gabler" in this language. ## DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithium and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithium-water drink which overcomes uric acid and is beneficial to your kidneys as well.

## WOMAN'S REALM

### "GREEN STOCKINGS" H. S. SENIOR PLAY

To be Given Thursday Evening, Feb. 27, at Park Theatre—Plot of the Comedy

#### HIGH SCHOOL ORCHESTRA PLAYS

Cast is Given. Specialty of Senior Girls to be Given Between the Acts

"Green Stockings," high school senior class play, will be given on Thursday evening, Feb. 20, at the Park theatre. The plot of the comedy follows:

There's an old country custom in England that a girl must wear green stockings at the marriage of her younger sister, if she herself is still an old maid. The heroine has worn these twice in "Green Stockings," and is naturally looked down upon by the rest of the family because she has not managed to capture a husband. Celia Faraday is the family Cinderella. She comes home to find her youngest sister, Phyllis, a mere child, engaged to Robert Tarver. Then she decides that she can endure the situation no longer so announces her engagement to Colonel John Smith, of the West African Rifles—just saluted from Somaliland. Immediately the men, young and old, awake to the fact that she is in reality a very charming young lady, and their attitude change from mere tolerance to real admiration.

#### Lines are Clever

The family insists that she write a letter to her lover. This letter she thinks she burns, but it is actually sent to the post. Eight months later a gentleman from Somaliland appears to bring news of the Colonel Smith. From then on the plot "thickens" and is concerned with Celia's attempt to escape from an embarrassing situation. She is aided and abetted by Aunt Ida from Chicago.

Much of the humor of the play is furnished by Bobby Tarver and Phyllis Faraday who are deeply in love with each other and young enough to be exceedingly frank about their preference. The plot is very interesting and the lines clever.

The high school orchestra will play and a specialty of senior girls will be given between acts. This was presented at the New York Hippodrome last winter.

## OUR PRESENT DUTY

The days of sacrifice, of self-denial, of economies, forced and real, are not over. Unselfish devotion to our country's needs is as necessary now as it was last October.

For, although the armistice is signed, the Peace Conference is on, the German army almost a thing of unpleasant memory and the boys are coming home, the end is not yet for any of us.

Uncle Sam hasn't finished the job—is not out of the woods. We are not free from duty's demands. Those of us who have made worthwhile record of patriotic service during the months of war are to be congratulated no doubt, but after all we have only done our plain duty and we have builded for ourselves more than we have helped our country.

Because we have stood in the spot light and have made records that are held up to others as worthy of emulation does not relieve us of any new duty that we are now called upon to perform. In fact, because we have done our share and by doing it have been given leading place in our community, we are all the more in honor bound to continue our work and to answer our country's call to finish the job.

Today the appeals for service are as vital as they were before November 11th. These appeals are for us to do our part of the public work of financing the Government through War Savings Stamps and the Fifth Liberty Loan and in making proficient other various war aids.

Behind every one of these appeals we see that titanic struggle—the shell-swept battlefields, the blemished hospitals, the wreckage of buildings and the ruin of cities. We see the surging back and forth of fighting armies, the slow return of laden ambulances, the ghost-like clutter of crosses on the hillside.

And then along comes Sam Smith with a shattered leg and his lifelong limp. And he tells stories of other boys who were with him in that fight he will never forget, and who were done up far worse than he; fellows who will have to learn all over again the job of earning a living.

Then more than ever we realize that our task of our country is far from being done, and if we are truly

OLD-TIME COLD CURE—  
DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, pour it up a cup of boiling water upon it, pour a cup of tea and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM  
STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment

Stop "dosing"! Rheumatism.

It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs' Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Limber up! Get a 30 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

patriotic, if we are right inside, we heed the appeals and mentally decide to see it through. This is all we can do and the least.

In view of these conditions and in the bright light of these pressing duties, the man and woman who does not "carry on," who takes the stand that he has done his share and is free from further obligation, will be most unpleasantly conspicuous.

There are slackers in peace as well as in war times. There has been an awakening of the national conscience. The American soul has been revived. We view our duty to our Government differently than we did before the war, and public opinion will properly reward sacrifice and patriotic effort. At the same time it will remove and destroy the laurel wreath, if the wearer avoids the performance of his present duty. Loyal communities will not tolerate slackers now any more than they did then.

## THE CHILD AT THE DOOR

"Four hundred thousand of these suffering Armenians and Syrians are little children."

A child is crying beyond our door. In the cold and the wind and the wild downpour. (How can we sit at ease within?)

A child is calling beyond our gate. Starving and stark and desolate. (How can we bid the feast begin?)

The doors of the world are heavy and tall.

But the cry of a child can pierce them all. (A cry of a child in anguish sore)

And though it sounds from a land apart,

'Tis at our threshold and at our heart,

(A child is crying beyond our door.)

THEODOSIA GARRISON

The militant suffragettes who have been rowdy in Washington, are planning to meet the president when he lands at Boston to further annoy him. They should be promptly arrested like any other person creating disorder, and given a jail sentence. It is only the conduct of these people that killed suffragettes in the senate last week. If they can be suppressed by the cane and orderly members of their sex the next congress will pass the resolution submitting the suffrage amendment to the constitution to the states for ratification.

Today the appeals for service are as vital as they were before November 11th. These appeals are for us to do our part of the public work of financing the Government through War Savings Stamps and the Fifth Liberty Loan and in making proficient other various war aids.

## THEIR POWER IS GREAT

Accomplishments of Small Savings Is Remarkable.

Ninth District War Loan Organization Shows Some Astounding Examples.

"What is the power of small savings?"

Wrestling with the problem of how best to impress upon the people of the Ninth Federal Reserve district the surpassing importance of saving of every degree, great, small and medium, the central committee of the Ninth District War Loan organization has happened on an astounding case of what small savings can do.

This is, according to A. R. Rogers, central committee chairman, that if every one of the 110,000,000 citizens of the United States should buy just one Thrift stamp a day for a little more than two years they would have amassed a saving equal to the entire national debt of the United States on January 1, 1919, or \$21,000,000,000.

That means that the American people, saving 25 cents a day for 25 months, or to be exact, 764 days, would have saved a sum equal to that spent for the following great undertakings:

The American army which turned the tide of victory in the world war on the fields of France.

Additions to the navy since April, 1917, and all the costs of maintaining the navy and paying its men for 21 months.

The merchant marine of the United States so far as it had been completed to January 1.

The Panama Canal.

A number of great dams and irrigation projects.

Scores of great army camps throughout the United States.

Payment to Spain for the Philippine Islands, etc.

Scores of items connected with the great war which could not possibly be tabulated.

Actually the savings would be a third greater than the sum spent for

these undertakings because a third of the money used by the United States government was loaned to her allies. This sum, about \$7,000,000,000, will be returned by the allies at maturity of the loan. Meanwhile the United States will receive interest on the whole sum.

"And the startling fact remains," said Mr. Rogers, "that 25 cents a day saving by every person in the United States would pile up this amount of money in 25 months.

"This shows the overwhelming importance of saving in even the smallest degree. I do not believe there is anyone who can read these figures and not realize that small savings are important. Too many people feel that when they buy a Thrift Stamp or even a War Savings Stamp they are in child's play, doing the thing on too small a scale, not being really efficient.

"As a matter of fact just the reverse is true. If efficiency means anything it means utilizing all the pieces, saving little odds and ends of time, of material and of money. Redesigning and saving the little bits—is this not efficiency and economy?

"Of course the United States government is never going to call on its people to raise such sums by purchase of Thrift stamps. Part of the money can be raised more rapidly by buying Liberty Bonds. That, however, does not change the facts we are giving, that saving just 25 cents a day, every day, by every American, would pile up in a little over two years, a sum equal to the national debt on January 1."

The total sum each citizen would have to save to equal the national debt is \$190,91. If only one cent more were saved the sum would be \$1,100,000 greater.

## COUNCIL MEETING RECEIVES AMENDMENTS

Mayor R. A. Beise Transmits to City Fathers the Two Amendments of Charter Commission

### PUBLICATION IS ORDERED

To be Advertised in Three Papers, to Be Voted on at the April Spring Election

The city council, with all members present except Aldermen Turcotte and Andrew Anderson, received the report of the Charter Commission on two amendments considered, Mayor R. A. Beise presenting the report. These are to be voted on at the next city election in April and the amendments provide for the recall and make the office of city attorney elective instead of appointive.

On motion of Alderman Paine, carried, the amendments are to be published in three city papers including the Brainerd Dispatch on five successive Fridays commencing February 21 and ending March 21.

Claims allowed and ordered paid were those of Walter Ludlow patrol man for \$52.26; two influenza city hospital bills of McGinn & Babcock for supplies \$20.10 and of Leona DeRocher as nurse \$3.75.

### WIFE DESERTION CHARGED

Sergeant George P. Hanson of Bainerd Taken in Custody in Moorhead

Sergeant George P. Hanson was taken in custody at Moorhead charged with deserting his wife in Brainerd. Sheriff Theorin wired Moorhead officials and they took the former soldier in custody as he stepped from the train. Sergeant Hanson was lately discharged from service and gained some prominence in this city by starting a soldier's club. He left town on Feb. 15 and is now back in Brainerd to await further disposition of his case.

ROLL OF HONOR

Rev. Elof G. Carlson has received a picture of a church in France built in the year 1178 from Albert Englund. Private Englund is feeling fine, but is eagerly awaiting the day when he can come home and meet his friends. He sends greetings to all of them.

In one mail City Clerk and Mrs. Union Mahlum received seven postals from their son, Private Howard Mahlum, who spent close to two years in France, being a member of a forestry division. Private Mahlum is now on his way to Camp Dodge, Iowa, to be demobilized. He recently sent home a bus helmet which formerly rested on the head of a Boche, now deceased the demise occurring on the day of the armistice.

Sgt. Clyde E. Parker in a letter home writes of meeting Henry Mills, Art Turcotte and a son of John T. Ingland. The machine gun battalion has now received a complement of horses and they are used to pull the guns.

### MRS. ELMER E. HARTMAN

Funeral of Oak Lawn Lady Held this Afternoon, Had Relatives in Brainerd

The funeral of Mrs. Nellie Hartman, wife of Elmer E. Hartman, was held at 3 o'clock Tuesday afternoon from the residence of her sister, Mrs. William Ahlgren, 519 Grove street, Rev. W. J. Lowrie officiating.

She leaves a husband and four children, Violet age 11, Irene age 8, Marry age 5 and Gertrude age 3. Her mother, Mrs. H. E. Prentiss and four sisters, Mrs. Louis Ahlgren and Mrs. Wm. Ahlgren of Brainerd, Mrs. George Huskley of Nekosa, Wis., and Mrs. Walter Eads of Stade, N. D., and a brother John Prentiss of this city survive her.

The Hartman family had lived since March in Oak Lawn township. Interment of the body was in Evergreen cemetery.

Look out for Spanish Influenza.

## MOTOR INN OF C. A. STADLBAUER

Opens March 1, to be in Remodeled Ole Benson Place 224 South Fourth Street

### FLOOR SPACE 50 BY 100 FEET

Cement Floor Added—All Kinds of Repair Work—Storage for 50 Cars—Wide Entrance

C. A. Stadlbauer will open his "Motor Inn" garage at 224 South Fourth street on March 1. The place at the corner of Fourth and Laurel has been leased from Ole Benson and the latter will continue his automobile livery, using the garage as headquarters.

The place has been entirely remodeled, a cement floor being put in and a clear floor space, 50 by 100 feet, without pillar or post, created. There are two broad entrances.

All kinds of repair work will be done, repairs, accessories, tires, oils, etc., carried. A gas service station and free air and water are other conveniences for the motoring public. A fine wash rack has been installed.

Friends are assured Mr. Stadlbauer will make a success of his venture.

### IT ISN'T THE TOWN—IT'S YOU

"If you want to live in the kind of a town

Like the kind of a town you like, You needn't slip your clothes in a grip.

And start on a long, long hike.

You'll only find what you left behind, For there's nothing that's really new,

It's a knock at yourself when you knock your town;

It isn't the town—it's you.

Real towns are not made by men afraid

Lest somebody else gets ahead, When everyone works and nobody shirks,

You can raise a town from the dead.

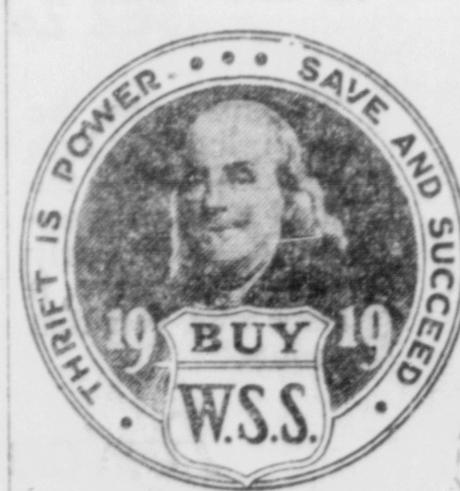

And if while you make your personal stake,

Your neighbors can make one, too;

Your town will be what you want to see,

It isn't the town—it's you."

## "LADIES' NIGHT" AT CHAMBER COMMERCE

Cards and Dancing Contribute to Make the Social Function a Very Pleasing One

### PRIZE WINNERS ARE GIVEN

Refreshments Served, Dancing Took Place in Masonic Reception Room on Third Floor

The House and Social Committee of the Chamber of Commerce scored their second big success of the new year last evening when they entertained approximately 100 people in honor of the ladies at the handsome club rooms in the Iron Exchange building. The affair was known as "Ladies Night" and was inaugurated two years ago, but owing to the war and its activities, all social functions were done away with last year.

The Chamber of Commerce rooms were brilliantly lighted and were used for the reception of guests and for cards. Several tables were arranged in the social hall and in the reading room and were patronized by the devotees of 500, this being the game of the evening. Prizes were awarded to the following:

Mrs. J. A. Thabes won the ladies prize and Levi Johnson the men's prize, gilt edged decks of cards in each case.

The reception rooms of the Masons on the upper floor was very kindly loaned the Chamber and was used for dancing. Mrs. Leo Riffenrath presided at the piano in a very acceptable manner and it was a pleasant sight to see the guests, after enjoying the social features on the first floor, retire to the upper hall for dancing.

Wafers and punch were served in the Chamber of Commerce rooms, Miss Carmichael being in charge of the refreshment table. The punch was furnished by W. E. Haydon, manufacturer of the famous Haydon ice cream and was presented with the compliments of Mr. Haydon.

A new player piano of the latest and most improved type has been recently placed in the Chamber of Commerce rooms by the Wm. Graham Music Company and this was much enjoyed at the gathering last evening. Professor R. H. Rehl gave several saxophone numbers which were much appreciated by the gathering.

A large number of new members and their ladies were present to enjoy the social function.

Professor R. H. Rehl and Cecil Witham afforded their services and added to the enjoyment of the dance music after completing their engagement at the Best theatre. Professor Rehl, with the saxophone, Julius Witham, violin and Mrs. Leo Riffenrath at the piano furnished excellent music which was greatly appreciated by the large gathering of the younger set and a number of the older men and matrons who filled the Masonic reception rooms to its capacity.

The House and Social Committee acknowledges the assistance of Professor Rehl and orchestra and the courtesy of the Masonic Lodge in affording the use of their reception room for dancing, which greatly assisted in entertaining the large crowd in attendance at the function.

Misses Dorothy Carmichael and Estelle Erickson presided at the punch bowl.

### Chamber Dinner Next

The next regular meeting of the Chamber of Commerce will be held on Wednesday evening, February 26 and the House and Social Committee will serve a dinner at 6:15 to be followed by the regular Chamber meeting.

Members are urged to attend, not only the dinner, but the meeting as matters of importance are to come up for disposition. The dinner will consist of home baked pork and beans, salad, brown bread and butter, coffee and cream, and members are urged to bring with them as their guests some of the citizens of the city who have not thus far become identified with the organization.

The membership drive still continues and D. D. Schrader, will organize his committee the coming week for a comprehensive campaign during March. The more who attend these functions and meetings, of the Chamber, the better, for many are not familiar with the actual work of the organization and when they once are, they are very glad to become identified with it.

### At the Best Tomorrow

When dainty Enid Bennett goes vamping in "The Vamp", her latest Paramount photoplay which is to be displayed at the Best theatre tomorrow, then there happens one thing after another. Miss Bennett is a capable screen actress and she has proved this in numerous photoplays in which she has starred, but it is certain that her art never was displayed to finer advantage than in this her latest starring vehicle.

## BRD. COOPERATIVE CREAMERY MEETING

At Chamber of Commerce on Tuesday Afternoon, Annual Gathering is of Interest

### OFFICERS ARE TO BE ELECTED

Reports to be Made on Business Done in 1918. Patrons Numbered Close to 150

The Brainerd Cooperative Creamery Association has its annual meeting at the Chamber of Commerce this afternoon.

Important things on the program are the annual election of officers, reports to be read on the business done in 1918, etc.

Patrons last year numbered close to 150 and the creamery was the means of bringing many farmers to Brainerd and making this a greater trading point. Top prices were paid for butter fat.

## President's Call for Armenian Relief

### A PROCLAMATION

For more than three years American philanthropy has been a large factor in keeping alive Armenian, Syrian, Greek and other exiles and refugees of Western Asia.

On two former occasions I have appealed to the American people in behalf of these homeless sufferers whom the vicissitudes of war and massacre had brought to the extremest need.

The response has been most generous, but now the period of rehabilitation is at hand. Vastly larger sums will be required to restore these once prosperous, but now impoverished, refugees to their former homes than were required merely to sustain life in their desert exile.

It is estimated that about 4,000,000 Armenian, Syrian, Greek and other war sufferers in the Near East will require outside help to sustain them through the winter. Many of them are now hundreds of miles from their homeland. The vast majority of them are helpless women and children, including 400,000 orphans.

The American Committee for Relief in the Near East is appealing for a minimum of \$30,000,000 to be subscribed January 12-19, with which to meet the most urgent needs of these people.

I, therefore, again call upon the people of the United States to make even more generous contributions than they have made heretofore to sustain through the winter months those, who, through no fault of their own, have been left in a starving, shelterless condition, and to help reestablish these ancient and sorely oppressed people in their former homes on a self-supporting basis.

### FOR PURER MILK

Peter Schleddy of St. Paul, State Dairy and Food Inspector Investigates City

Following investigations carried on by Peter Schleddy of St. Paul, State Dairy and Food Commission Inspector two men selling milk, one of the city and one of the country, were brought into municipal court and convicted on the charge of selling milk which did not have the required quantity of butter fat, namely 3 1/4 per cent. Each paid \$15 fine.

Following an examination by Mayor R. A. Beise and Inspector Schleddy, a former offender, William Bourquin, was ordered to court and the former suspended sentence took effect.

Evidence was brought forth that the methods and equipment of the dairy conducted by Mr. Bourquin were insanitary. The fine of \$25

## Chateau Thierry Hero, Wounded Nine Times, Sees New York With Sister and Sweetheart

This is Private Oscar Desrosiers, of Company D, 264th Infantry, Twenty-sixth Division, and hero of Chateau Thierry, just after he was permitted for the first time to leave a debarkation hospital in New York City to see the sights. He was wounded nine times in that battle and lost the

sight of one eye. On one side is his proud sister, on the other his even prouder sweetheart. Private Desrosiers confided to the photographer who "snapped" him on Fifth avenue that being a convalescent wasn't so bad after all.

## FOE IN FINANCIAL STRAITS

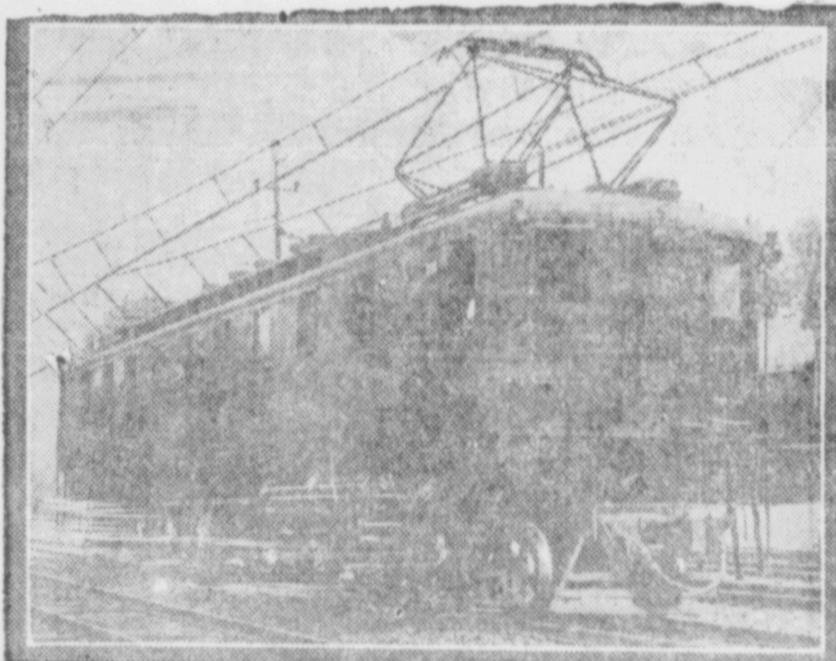

Total War Cost to Germany \$40,000,000, Says Schiffer.

Weimar, Feb. 18.—The German people generally do not yet understand clearly the financial situation in which the war has left them and they are too optimistic, declared Dr. Schiffer, the minister of finance, in an address to the German national assembly.

Dr. Schiffer asked the assembly to vote a credit in the form of a loan for \$6,333,000,000, the greatest loan the German people ever have been asked to raise. He said that last October the government stood on the verge of financial exhaustion. It asked for a credit of \$2,750,000,000, but when this was refused, raised it by means of bank note issues. The total cost of the war to Germany was \$40,000,000,000, he said.

Taft addressed the Northwestern Congress of the League of Nations.

### \$179,000,000,000 COST OF WAR

Britain's Expenditure Greatest. France Second and U. S. Third.

Washington, Feb. 17.—Exclusive of expenditures by Belgium, Portugal, Roumania, Austria-Hungary and Bulgaria, the total cost of the European war was fixed at \$179,000,000,000 in an official estimate made public here and based on data in the hands of the federal reserve board, the secretary and the bulletins of the Swiss society of banks. The table was compiled on estimated expenditures to last January 31.

Total expenditures of the Allies and the United States were fixed at \$119,581,000,000, exclusive of loans among themselves, which totaled \$18,375,000,000.

The individual expenditures of the nations were given as follows:

Great Britain, \$37,100,000,000; France, \$27,000,000,000; United States, \$18,487,000,000; Russia, \$18,000,000,000; Italy, \$10,000,000; Serbia, \$8,000,000,000; Japan and Greece, \$1,000,000,000.

The total expenditures of Germany were given as \$36,500,000,000 and of Turkey, \$23,000,000,000, making an aggregate of \$59,500,000,000 for these two members of the Germanic alliance.
